Bien plus qu'un accessoire de plage, la fouta se prête à des multiples utilisations et activités. Elle absorbe bien l'eau et sèche plus vite que la serviette de bain ordinaire. Vous pouvez vous en servir pour la maison comme pour l'extérieur.

La fouta est le fruit d'un travail artisanal créatif et collaboratif, elle fait aujourd'hui encore l'exemple parfait pour illustrer cette renaissance de pièce de tissu typiquement tunisienne douce et légère, 100 % coton. Elle se transforme à présent en drap de plage, jeté de canapé, serviette, nappe et bien plus encore.

Chez ArtisanaTex nous vous proposons une gamme très variée de fouta aux multiples usages qui sublimeront votre intérieur.

L'artisanat tunisien, représente à présent l'image du pays. De nombreux artisans se tournent donc vers le passé pour faire renaître des créations contemporaines adaptées à notre présent.

The image features a light beige background with four decorative geometric patterns in the corners. Each pattern consists of a square with a smaller square inside, rotated 45 degrees, and four lines extending from the corners of the outer square towards the center, creating a star-like or woven effect. The central text is enclosed within a large, solid brown diamond shape.
